Student Requests to Use a Chosen Name

This policy outlines the process by which students may change the name they are referred to at school to align with their gender identity. Students may choose to be identified in school by the first name that they have designated in accordance with this policy, and may request a change to their name or gender on their official student record through regulation JRA/JRC-R.

Definitions

- **“Chosen Name”** as defined in Colorado law, is any name a student requests to be known as that differs from the student’s legal name, to reflect the student’s gender identity.
- **“Gender Identity”** as defined in Colorado law, means an individual’s innate sense of the individual’s own gender, which may or may not correspond with the individual’s sex assigned at birth.
- **“Legal Name”** is an individual’s legal name as it appears on official government documents such as licenses, passports, and birth certificate.

Use of a Chosen Name

The Board directs the superintendent to establish procedures honoring a student’s request to use a chosen name without altering the student’s legal name in the student’s official record. Students will not be required to provide proof of a legal name change to select a chosen name for use at school and during extracurricular activities. School personnel will notify a student’s parent/guardian (“parent”) of the student’s chosen name change in accordance with this policy’s accompanying regulation, ACA-R.

Personnel shall use the chosen name of all students. Knowingly or intentionally using a name other than the student’s chosen name or the knowing or intentional avoidance or refusal to use a student’s chosen name is discriminatory and prohibited.

Name Changes on Official Student Records

The district is required to maintain a permanent student record (“official record”) that includes a student’s legal name. Students or parents who wish to alter the student’s legal name must follow the process provided in JRA/JRC-R. The district will not process a legal name change on a student’s official record without parental consent—unless the student is 18 years old or older—and a certified copy of a legal name change court order.

Disclosure to Third Parties

Information about a student’s gender identity or legal name, if different from the student’s chosen name, may constitute confidential personally identifiable information subject to protections under the Family Educational Rights and Privacy Act (FERPA). School personnel shall not disclose information

relating to a student's gender identity or legal name to others, including a school official with no legitimate educational interest in the information and other community members, unless legally permitted to do so or unless the student or the student's parent has authorized such disclosure. In situations where school personnel may disclose a student's education records or personally identifiable information contained therein without the student's or parent's consent, school personnel shall make a reasonable effort to notify the student or parent prior to disclosing such information.
